Introducing AgriSpanSM

A new suite of financial products developed specifically for agribusinesses and producers.

AgriSpan gives you the convenience and flexibility of securing competitive financing with people you can trust. No waiting to make the deal while applying for financing from another source; AgriSpan provides one-stop shopping and financing. Save the hassle and the headache, we take care of all the background financial work while you focus on what you do best – taking care of your business.

Now Offering Operating and Input Loans

AgriSpan's Operating and Input Loan provides the necessary capital for crop nutrients, protection products, seed, fuel, soil testing, application services, custom work, rent, delivery charges, labor, irrigation expenses and repairs. Whether it's for a single input product or the entire operation, you'll appreciate AgriSpan's easy, one-page application and fast approval.

More AgriSpan Advantages:

- Competitive rates
- Quick access to funds
- Flexible repayment terms

Reap the benefits of AgriSpan for your operation. To find out more about AgriSpan's suite of agri-finance products and get started with AgriSpan's Operating and Input Loan, call ProPartners Financial today.
